

Manuia!

As soon as we board one of the Air Tahiti Nui airplanes, our priority is that our hosts feel the “Mana” of the Tahitian islands by being immersed in our identity, our culture and our passions; That our compatriots always feel “Fenua”. “A journey is part of our dreams.” We have made this a maxim and our personnel are trained to make this flight a moment of pleasure, sharing and giving conviviality as strong as the passion and energy that guided you to plan this trip. It is in this same spirit that we have entrusted Mr. Olivier Poussier, best sommelier of the world, to assist us in the development of this cellar in which I personally invested myself alongside our internal specialists. Wine is one of the legacies of the “French touch” that the Polynesians have harmoniously integrated into their art of living. We hope that you will have as much pleasure in tasting and discovering these wines that we have selected for you. Mauru'uru, Manuia and have a good trip!

Michel Monvoisin

Air Tahiti Nui - Chairman & Chief Executive Officer

With this first wine selection achieved with Air Tahiti Nui team, under Mr. Monvoisin passionate impulse, we invite you to discover the winery generosity and complexity. Historical appellations established and recognized for their know-how and the quality of their wines in the more recent vineyards and of notoriety born to the height of their success and the talent of their men, this selection illustrates the common will of these wine growers and these areas produce wines with aromatic characteristics with bold and distinctive taste and aroma characteristic. Our choices show new equations between grape varieties and terroirs; They present wines favorites that stand out with a strong terroir identity and draw the modern contours of the vineyard today. Wine is a permanent discovery, a work in motion that I like to explore and above all to share. I hope that you'll enjoy the selection presented here, surprise you and especially enrich the pleasure of your trip.
